Additionally, the Commission will weigh information provided by P&D and other government transportation agencies in the Houston region. Four weeks after the public hearing, on August 13, 2015, staff will present recommendations to the Planning Commission. The Planning Commission will vote on each amendment and forward its recommendations to City Council by September 1, 2015. ## 2015 Major Thoroughfare and Freeway Plan (MTFP) Amendments

### Frequently Asked Questions

**Q What is a Major Thoroughfare and Freeway Plan (MTFP) Amendment?**

**A** The City of Houston's MTFP was first adopted by City Council in 1942. It is a long range plan that provides for a system of thoroughfares and collectors to support overall mobility. It does not deal with timing of right-of-way acquisition or road construction. The Plan is updated through an annual amendment process. Amendments generally delete, add or modify a portion of a planned Thoroughfare or Collector. Streets such as Hillcroft Avenue, Kirby Drive, and FM 2100 are examples of planned Major Thoroughfares that have matured over the years. The Plan will continue to be modified in order to meet Houston's growing transportation needs.

**Q What is an alternative?**

**A** When the City receives an application to amend the MTFP, staff evaluates the proposed request and studies the adjoining area's major roadway network. The Planning Department (P&D) may identify and evaluate other options in the area, other than the one submitted by the applicant. Such options will be presented as alternatives at the Open House so that all interested parties are aware of options being considered by P&D and Planning Commission.

**Q I received a letter from the City. Why? What does this have to do with me?**

**A** If you have received a notice in the mail from the City, it means that our records show you own property that may be impacted by a proposed amendment to the MTFP. Please read the enclosed report to learn more about the proposed amendment that may specifically impact you and your property.

**Q My property is located in the County, not within the City limits. Why is the City dealing with issues in the County?**

**A** The MTFP covers not just the major road network within the City limits, but also within the City's Extra Territorial Jurisdiction (ETJ). This allows transportation needs to be addressed on a regional basis.

**Q I am concerned about a proposed amendment. What can I do?**

**A** First, you can find out more about the amendment request in the following ways:

Also, you can learn more about what will happen at the public hearing and how you can best express your concerns to the Planning Commission.

**Q What is going to happen at the Public Hearing on July 31? (*see map on reverse*)**

**A** The Planning Commission holds a Public Hearing to provide an opportunity for concerned citizens to make their views known publicly. Comments submitted by July 3, using the online comment form on the website (refer to instructions above to locate the link on the website), will also be taken into account by the Planning Commission in making a decision on amendment requests. Additionally, the Commission will weigh information provided by the P&D staff and other government agencies concerned about transportation in our region.

**Q Who decides what to do?**

**A** Four weeks after the Public Hearing, P&D will present its recommendations to the Planning Commission. The Planning Commission will vote on each amendment and forward its recommendations to City Council by September 1, 2015. Once an ordinance for the amendments has been adopted by City Council, a new MTFP will be published by the City and made available as a reference to other agencies and the public throughout the year.

# PRELIMINARY REPORT

## 2015: E12 – *Westgreen Boulevard*

**APPLICANT:** Harris County Engineering Department

**KEY MAP:** 324,364

**JURISDICTION:** Harris County

**LAMBERT:** 4461

**DISTRICT/PRECINCT:**  
Harris County Pct.: 3

### **PROPOSAL:**

Harris County is requesting the realignment of Major Thoroughfare Westgreen Boulevard, between FM 529 and Kieth Harrow Boulevard, on the Major Thoroughfare and Freeway Plan (MTFP).

### **APPLICANT'S JUSTIFICATION and HISTORY:**

The applicant contends that development activity in the vicinity of Grand Parkway Segment E is accelerating, following the opening in 2013. Also, this Major Thoroughfare alignment is within the Westgreen Village General Plan, which was approved in 2014, and this alignment is bordering a portion of the recorded plat, FM 529 Industrial West, which was approved in 2014. This plat did not dedicate any right-of-way (ROW) for Westgreen Road, nor are there any existing ROWs or roads for this corridor.

The applicant states that this amendment should be considered for the following reasons:

Both alignments will be impacted by the floodplain. The realignment would be affected mostly by the 500-year floodplain as opposed to the 100-year floodplain by affecting the current alignment. There is more probability of development outside of the 100-year floodplain than within the 100-year floodplain, and flood insurance would not be required within the 500-year flood plain.

The current Westgreen Boulevard alignment has a distance of about ½ mile between Mason Road and Westgreen Boulevard along West Little York. Realignment further to the east would create a distance of ¾ mile between Major Thoroughfares, which the applicant suggests is better for grid spacing and development. Frequent access connections, median openings and closely-spaced traffic signals are also a recipe for congestion on major roadways.

The current alignment impacts two property owners, Kech I Limited and Vincent Bustamante, while the realignment impacts only Kech I Limited.

This alignment will also result in one bridge crossing over Bear Creek as opposed to two bridge crossings for the current alignment.

The applicant suggests that if this amendment is not approved and roads are not dedicated by plat, it would be more costly to construct the current alignment having to negotiate with more property owners and having to build two bridges as opposed to one bridge over Bear Creek.

Westgreen Boulevard first appeared on the MTFP in 1972. The Major Thoroughfare had traversed from the northern ETJ boundary to FM 1093. In 1980, Westgreen Boulevard was cut short of FM 1093 due to the Barker Reservoir.
